

FROM THE PRINCIPAL'S DESK.....

**D**ear Parents,

It's gives me immense pleasure of interacting with you and apprising you of the achievements and progress of your child. First of all, let me thank all the parents for their active participation in the last PTA. It gave me tremendous happiness in seeing your overwhelming turnout and your desire to know the progress of your child. Together we can bring about the progress we desire in our children. Your active participation in school gives me immense pleasure and sense of boundless satisfaction.

I would like to apprise you that the general average percentage index of school students in "Weekly Tests" and "Half Yearly Exams" has climbed up considerably as compared to last year's examinations, signifying remarkable progress in each child's performance. It would not have been possible without the hard work of my teachers and active support of parents. We have identified the areas where a particular child is lagging, and the consequent reasons, and my team is working on it to improve it further. **Thanks once again for providing strength to the efforts of the school.**

Considering the above involvement and active participation of you parents, I have decided that, henceforth, senior academic functionaries of the school along with hostel wardens will be in touch with every parent on the progress of their wards. You can speak to them on their numbers or send them SMS concerning your child with the child's Name, Admission Number, Class and Roll Number. I expect you to respect their teaching engagements and duties towards the school. Please do not request them to have your child spoken to you through their phone. I Would also request you not to circulate their numbers out of the "Parent Circle" so that these Senior Functionaries of school do not face any type of harassment. Please come forward and cooperate to make the school system perfect.

**1. Mr. Satyajit Singh, Sr. H.M-Academics : 943-00000-38**

**2. Mr. Rakesh Kumar, H.M- Administration : 943-00000-23**

Please feel free to communicate with the school. Any step taken on issue of discipline, education would solicit for every parents' active participation and support.

**With regards and best wishes for a "Glorious Future",**

**Dr. Rakesh Kr. Srivastava**

**Principal**

**Delhi Public School, Bhagalpur**
